

Let's make...

X-Ray Handprints!

Materials Needed

White paint
Water
Paper plate
Black card stock or
construction paper

How to Make It

1. Pour paint onto a paper plate.
2. Add a little water to the paint and mix.
3. Dip your hand in the paint.
4. Transfer handprint onto construction paper by pressing hand down firmly on paper.
5. Allow paint to dry.
